

Yeeehaa!

It's the Summer of the Mullet

so it's about to get very hairy around here.

Join us this summer and do GOOD with Jack Goodhue

To inspire our youth to thrive and support their journey is our goal. And with our Kiwi Rugby star Jack Goodhue, the man with NZ's most famous mullet catching the summer vibes, we'll be scoring some great goals.

Jack is reaching out to all New Zealanders to ask for their help, and in return he will let NZ decide what to do with this New Zealand mullet masterpiece at our **Mullet In The Park** late Feb 2020! But he wants New Zealand to have the Summer of the Mullet with him first.

Yeeehaa! It's the Summer of the Mullet so it's about to get very hairy around here.

WHAT IS THE FUNDRAISING USED FOR?

Jack has been working with AngelMama and the Bald Angels team and is really passionate about supporting the work they do with the vulnerable young people in his beloved Northland community.

The funds raised will help Bald Angels develop their kiwiMANA Kaiārahi Youth life skills programme, providing trained kaiārahi (life mentors) for at-risk youth; building their self-respect, life skills and resilience so that they can look forward to a path of hopefulness and sustainable health and employment.

Changing their future-for GOOD.

.....
Bald Angels Charitable Trust is a Northland Charity that believes all children deserve the right to thrive.

Bald Angels began in 2012 and has been a registered NZ Charity since 2014.

It has over 5000 connections with vulnerable youth every year in Northland. And delivered over 5000 volunteer hours in the last financial year. It is a community led and community run organisation that deserves the level of trust the Northland community has in it.
